

How Courtroom Visuals have Evolved...

Next-generation images of your client's injury

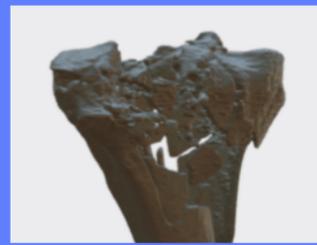

2D images

Medical Illustration

3DV & 3DP

“Lawyers have spent years trying to explain these types of injuries to jurors while a doctor is pointing to different shades of gray on an MRI or X-ray... For jurors to hold a model that shows the injuries, take it with them to deliberate, is a real game changer.”

John J. Fromen Jr. Attorney at Law
