## YOUR NEEDS

With the introduction of BEPS, tax and transfer pricing compliance is no longer straightforward. MNE's are facing more and more challenges to manage tax risks in a growing number of jurisdictions. This results in multiple needs that multinational organizations need to fulfill to get tax in control.

### THE IDEAL WORLD TO GET "TAX IN CONTROL"

In this scenario, the use of technology to manage tax effectively is crucial for tax department within any multinational group. But the truth is that there is no software in the market able to act as the "magical solution" meeting all your needs.

## SUITE 2020

Suite 2020 is a platform that combines different software's features according to your specific needs. Selecting the relevant features from different software providers, TPA Global aims to offer you the perfect fit-for-purpose to fulfill all your needs.
