Rev 1.0

Add a personalized welcome message to my voicemail

1. Call *86*
2. Dial 0 for mailbox options
3. Choose from the following options to add a personalized message:
 1. Record a 'Not available' message
 2. Record a 'Currently busy' message
 3. Record my name
 4. Record a temporary greeting message (this message will be used for 1 and 2 as well)
 5. Change my password

How do I check voicemail on my phone?

By default, all voicemail is sent by email to your TPA Global email account.

In case you experience a flashing red light on your voip phone, please dial *86*. You will then get a menu with the following options:

Main menu:

- Press 2 to change folder
- Press 0 for mailbox options
- Press * for HELP
- Press # to close

Extra options in the voicemail menu

Option 2, Folder:

1. New messages
2. Old messages
3. Message from Work
4. Message from family
5. Messages from friends

Optie 0, Voicemail settings:

1. Record a 'Not available' message
2. Record a 'Currently busy' message
3. Record my name
4. Record a temporary greeting message (this message will be used for 1 and 2 as well)
5. Change my password
