# Help Me Raise Money for MND

Hi, my name is George and I'm in Year 4. I watched a TV programme recently about a rugby league player called Rob Burrow who now has Motor Neurone Disease. It really affected me and seemed such a cruel disease. I want to raise money for MND to help find a cure for this disease. I will be completing a sponsored bike ride and a sponsored silence.

Bike ride on 24th October around Grafham Water

Sponsored Silence during half term

If you would like to support me, you could make a donation of any size on my fundraising page:
