Quotes from parents

I have two children attending Foundation Stage, and I couldn't be happier with how they are being educated at Banks Road. Both have gained confidence and education that has brought out their talents and personalities - Banks Road doesn't just teach academic knowledge, but helps children find themselves and their own individuality.

My daughter has always struggled with nursery, and has finally found her happy place at this school.

I love the atmosphere at school, my son is one of the youngest in the school year and he is doing well. He loves going to school. The headteacher and teachers are all so approachable.

Banks Road is an incredible school. We have 3 children there, my son is now in year 2 and has been at BR since nursery. Every single member of staff is invested in making sure children reach their potential; emotionally, socially and academically.

Great school, great homely environment, ran by passionate staff that cannot do enough for the pupils and parents. Communication is great.

My daughter would love to stay here forever if she could!

I have seen my child flourish at this school under extremely effective management and teaching. My child has made excellent progress in reading and maths and his confidence has really improved.

As a parent of two children at Banks Road, I couldn't be more positive about the school. The staff are wonderful - caring, enthusiastic, knowledgeable and welcoming - nothing is too much to ask. My children are flourishing here and this is through the engaging lessons, tasks and activities, as well as the pastoral care they are given individually.

Banks Road has given my children the best possible start to their education. The Head cares deeply about the happiness and wellbeing of the pupils, and this is reflected in every member of staff.

Learning is fun, pupils are engaged, and parents are kept well informed of their child's progress. Pupils of every ability are supported and encouraged by enthusiastic, talented and dedicated staff. There is an emphasis on values such as kindness, caring, consideration for others and trying hard. The school motto is "a home for learning, laughing, caring and trying", and I couldn't wish for more for my children.

Admissions Procedure

The planned admissions level for our Reception classes is currently **60**. We admit children into school in September which is in line with Nottinghamshire County Council Admissions procedure. Currently the children have a staggered phased start in September (usually over a one to two week period). This enables the children and staff to make positive relationships and for children to be introduced gently to daily routines.

If you are undecided about your choice of school, try to visit us with your child. This is always the best way to make the right choice for such an important decision in your child's life.
