

## Fay Taylor

I was elected as a Parent Governor in November 2018, with a four year term of office. I have two children attending Banks Road – in year 1 and year 2 and am often found helping out in various classes around the school in addition to the role of Governor.

I am the link Governor for Maths and share the link Governor role for EYFS (Early Years Foundation Stage).

I also work as a supply teacher in various schools in the area – as such I have declared this on the register of business interests, although the agency I am employed through is not one ever used by the school.
