

## Electrical Project Manager - Guernsey

Our projects team in Guernsey have a long and established reputation as a leading mechanical and electrical contractor having completed numerous M&E installations at some of Guernsey's most prestigious buildings projects over the years.

Having seen steady growth in project activity, we are currently recruiting for an **Electrical Project Manager** to join our project management team.

The role will cover a variety of duties associated with project management and the successful candidate will be required to ensure quality, efficient and proficient delivery of services carried out by the engineering team.

Key activities for the role include:

- Electrical Design, Installation & Commissioning
- Project planning and administration
- Testing & inspection
- Resource management
- Subcontractor management of specialist services

This is client focused role and the successful candidate will be responsible to ensure the smooth running of some of our larger contracts. They will need to be a strong communicator and be able to evidence people management skills, be organised and able to manage multiple tasks.

If you are proven Electrical Project Manager and have a recognised qualification in this field (City & Guilds or equivalent) or have a strong understanding of electrical services and are looking for a new challenge we would like to hear from you.

### **Additional info for this role:**

- This is a full time position (Monday – Friday 08:00 – 17:00)
- Based at Garenne Park office (out of town) however there will be a requirement to conduct site visits on a regular basis.
- Occasional out of hours attendance will be required
- Due to the nature of the work the successful applicant will be required to undertake a full police disclosure.
