

Fire & Security Engineer - Jersey

AFM are currently looking to recruit a **Fire & Security Engineer** to join our Hard Services Division in Jersey.

Reporting to our Fire & Security Manager, the Fire & Security Engineer will be proficient in all aspects of fire and security alarms systems and associated trades.

They will possess a thorough knowledge of Fire and Security systems and will be able to demonstrate the skills required to deliver the installation, servicing, maintenance, testing and repair of all types of relevant systems, to include (but not limited to):

- Intruder Alarm Systems
- CCTV Systems
- Access Control Systems
- Public Address Systems
- Fire Alarms Systems (Conventional & Addressable) Including Radio
- Nurse call
- Fire Extinguishers and Suppression Systems

If you have recognised qualifications in this field (City & Guilds or equivalent) or have a strong understanding of Fire and Security and are looking for a new challenge we would like to hear from you.

Additional info for this role:

- This is a full time position (Monday – Friday 08:00 – 16:30)
- Occasional call out works will be required
- Due to the nature of the work the successful applicant will be required to undertake a full police disclosure.
