

100% HYGIENIC WELDING

WHY USE FRICTION WELDING?

- 100% QUALITY CONTROL
- 100% NO PORES / CUTS OR PINHOLES
- 100% TREATABILITY AND DOKUMENTATION
- 100% EASY CLEANING
- 100% COMBINATION OF MATERIAL TYPES
- 100% ECO FRIENDLY
- 100% MECHANIC PROCESS
- 100% STRENGTH

Friction welding offers both a hygienic and financially attractive alternative to current known welding solutions. Friction welding has already been used in food industry with success for several years.

Aviatec has been working with friction welding for almost 30 years, which makes us one of the most experienced companies in this field.
