

New Zealand, a magnificent and extraordinary Motorcycle Tour

We cross both islands, the South and the North Island. Together we cover around 6,650 km. The tour lasts 25 days; 25 unforgettable days and unforgettable experiences.

This tour is in a league of its own, with a unique selling point that sets it apart. It's been meticulously planned, and it's absolutely jam-packed with highlights and activities. What really sets it apart is that it's been scouted by the tour guide, who's been living in New Zealand for many years. Not only has he raced motorcycles in the country, but he has also explored every corner of the islands with his former INDIAN Bobber Scout.

The focus was on not only the thrilling experience of riding together for a whopping 6650 km, but also on showcasing the breathtaking landscapes, vibrant local culture, and other attractions that New Zealand has to offer. This tour is going to be an unforgettable experience, combining the pure enjoyment of riding with an immersive exploration of the absolutely stunning landscapes and rich cultural heritage of New Zealand.

Auckland International Airport awaits your arrival, and the deals to get there are incredible! We're thrilled to help you book your flight, and just a friendly heads-up: the time difference can be over 18 hours, depending on your destination. For instance, it's a whopping 21 hours from Oakland (US) to Auckland (NZ).

When booking your flight, just remember that you'll arrive a day after you left, so your arrival day in Auckland is November 25th at the latest.

When you arrive, we'll be there to welcome you and arrange your transfer from Auckland Airport to your hotel in the north of the city. And for this tour, we'll be providing you with motorcycles from our local partner. The fleet consists mainly of new bikes, such as:

BMW F750GS, F850GS, F850GSA, R1250GS, or BMW R1300GS.

(Almost all motorcycles are available in different seat heights)

On the evening before departure, we'll have the opportunity to inspect the motorcycles and make any final adjustments, such as setting the rider's height. We'll also have a briefing to make sure everyone's ready for the adventure ahead. Then, you'll get the chance to stow some of your luggage into the side cases and top case - perfect for keeping your things organized and ready for the adventure ahead. The next morning, you can store all your luggage that is not going on the trip - such as suitcases - in our rooms on site, dry and carefree.

All necessary information, such as the tour itinerary, the complete service contents, possible upgrades, and available motorcycles from the day of your arrival in Auckland (New Zealand) and your return to your home country, can be found "[here](#)".
