

□ Rider Licensing & Passenger Policy

- **Self-Drive Riders:** To operate a motorcycle on our tours, you must possess a valid, legal motorcycle driver's license from your home country alongside an International Driving Permit (IDP) that matches the displacement of the bike you are riding. It is your responsibility to carry these documents with you at all times during the tour.
- **Pillion Passengers (Non-Riders):** If you do not hold a valid motorcycle license, or simply want to sit back and take in the views, you are welcome to join the tour as a pillion passenger riding on the back with our professional, highly experienced, and insured local staff drivers.

□ Bike Security Deposit & Damage Policy

- **Security Deposit:** A refundable bike security deposit is required per motorcycle prior to the tour departure. This can be left in cash (major currencies accepted) or sent by bank transfer.
- **Refunds & Deductions:** The deposit will be refunded in full at the immediate conclusion of the tour, provided the motorcycle is returned in the same condition it was received. In the event of an accidental collision or vehicle damage due to improper use, the cost of parts and necessary repairs will be deducted directly from your security deposit.

□ Medical & Travel Insurance

- **Mandatory Coverage:** Our tour fees do not include personal medical, accident, or repatriation insurance. All participants—both self-drive riders and pillion passengers—must hold valid individual travel insurance that explicitly covers riding or traveling on motorcycles of the specific engine capacity used on the tour.

□ Weather & Tour Operations

- **The Elements:** Tours run rain or shine. We provide high-quality protective riding gear if the weather turns, but we do not offer refunds or cancellations due to weather conditions. If unsafe or extreme weather conditions make a route impassable, we reserve the right to alter the itinerary or adjust the route on the fly for the safety of the group.

□ Riding Conduct & Safety

- **Safety First:** All participants must wear a high-quality helmet and standard protective safety gear provided by us at all times while the motorcycle is in motion.
- **Compliance:** Riders are expected to use the motorcycle in accordance with safe driving practices and comply fully with local traffic laws. Any fines or penalties incurred from local traffic enforcement due to traffic violations are the sole financial responsibility of the rider.
