

Saber Spot DTW

Code: I226100353

The Saber Spot DTW is a compact spot fixture with a 15-Watt warm white LED. Features DMX-512, flicker-free operation, strobing, electronic dimming and has a 4-Button LED display system on the rear panel. Its built-in ACL lens produces a 20-degree beam angle. It features a dim to warm effect that replicates a halogen-like dimming profile.

The Saber Spot DTW has a scissor bracket system that allows the fixture to be hung or set on the ground, and is ideal for performance stages, installations, table spoting, lighting retail stores.

Light Source:

- Light Source: 15-Watt Warm White LED, LED Life Expectancy: 10,000 Hrs
- Color Temperature (Full on): 3100K (Warm White); 1900K (Amber), LUX: 726 @ 3M, CRI (Full on): 92

Specifications:

- Metal Black Housing
- Beam Angle: 20-degrees, includes 2 additional interchangeable frost filter lenses (10° & 45°)
- 3 DMX Channel Modes: 1, 2 or 4
- RDM (Remote Device management)
- 4-button Digital Display for easy navigation
- 16-bit Electronic Dimming 0 – 100%
- 5 Dimming Curve modes, Dim to warm effect with Amber LED
- Flicker Free (Refresh Rate: 3.6KHz)
- Variable Strobe: 1-20Hz
- Power connections: Locking Power In/Out
- Daisy chain quantity: 33 fixtures (@120V); 71 fixtures (@230V)
- Control: 3-pin DMX In/Out
- Input Voltage: 100-240V 50Hz/60Hz (Auto Sensing)
- Power draw :: 15W, 0.13 Amps@120V 60Hz / 15W, 0.07 Amps@220V 50Hz:
- Power Consumption: 24W

Dimensions:

- Dimensions (LxWxH): 3.5" x 6.75" x 3.5" / 88 x 170 x 87mm
- Weight: 2.6 lbs / 1.2 kg.
