Connectivity with Global Reach

Located between Central London and the M25 motorway, Heathrow and West Drayton remain one of the UK's most strategically connected business locations.

The area benefits from immediate access to the M4, M25 and A4, providing efficient links to London, the South East and the national motorway network. Heathrow is also served by the Elizabeth Line, Heathrow Express, London Underground and extensive bus services, offering excellent accessibility for both staff and visitors.

Combined with its position alongside the largest air freight gateway at Heathrow Airport, Polar Park offers occupiers a unique opportunity to serve regional, national and international markets from a single location.

Access to London's Workforce & Businesses

Unit 2B Polar Park benefits from access to one of the UK's largest and most diverse labour markets. The surrounding area provides a substantial workforce with experience across logistics, aviation, manufacturing and a broad range of business support sectors.

Supported by excellent transport connections and a significant residential catchment, occupiers can access a deep pool of labour capable of supporting both operational and management functions. This combination of workforce availability and connectivity continues to make Heathrow one of the country's most important locations for logistics and distribution businesses.
