Description

The offices occupy the second floor of an attractive four-storey mid-terraced Regency building, characterised by its rendered façade, Welsh slate roof and traditional sash windows. Situated in the heart of Leamington Spa, 2 Euston Place offers a blend of period charm and practical modern workspace within a well-established professional location.

Access to the accommodation is via what will become a shared ground-floor foyer, leading to a staircase serving the upper floors. The second-floor suite was lightly refurbished in recent years and provides a versatile layout arranged as four principal rooms. These can comfortably accommodate a mix of private offices, meeting rooms and more open-plan working areas, depending on occupier requirements.

The internal specification includes neutral décor, LED lighting and gas-fired central heating, creating a bright and comfortable working environment. WC & kitchen facilities are located on the split-level landings serving the upper floors. The suite presents well and offers an adaptable canvas for a range of professional occupiers.

Subject to agreement, the space can also be offered on a furnished basis to create a plug-and-play solution, enabling an incoming tenant to occupy with minimal setup time. This flexibility, combined with the building's character and central position, makes the offices an appealing option for businesses seeking quality accommodation in Leamington Spa.
