Trinity by Breakthrough is a premier 215,000 sq ft biotech research facility

Located at the gateway to the Oxford Business Park, Trinity by Breakthrough is a new premier lab building, providing research and development space to Oxford's thriving life science community. With over 13,000 graduates and 1,100 companies working across life sciences - Trinity will meet the demand for premiere space in UK's Golden Triangle.

Designed to be one of the most sustainable laboratory environments in the world, this amenity-filled building will set a new standard of quality and intentional design, with a focus on purpose-built spaces for life science users ranging from academic spin outs to large pharma companies.

Robust Lab Infrastructure

Delivering the highest specification and most sustainable labs in Oxford

5th Floor

31,300 sq ft (2,900 m²)

Fully Customisable

Lab + Office/Write-Up

Delivered to a Warm Shell specification, providing occupiers with a flexible platform ready for bespoke laboratory or office fit-out

[Click here to view the 3D model](#)

Plans are indicative demonstrating a 60:40 Lab:Office ratio. Ratios can be increased or decreased. Plans not to scale

3rd-4th Floor

38,300 sq ft (3,500 m²)

Fully Customisable

Lab + Office/Write-Up

Delivered to a Warm Shell specification, providing occupiers with a flexible platform ready for bespoke laboratory or office fit-out

[Click here to view the 3D model](#)

Example Test Fit – Plans are indicative and not to scale demonstrating a 60:40 Lab:Office split. Ratios can be increased or decreased

2nd Floor

44,300 sq ft (4,100 m²)

Science Ready Suite

Ready for move-in

Furniture is illustrative and can be made available upon request. Day 1 Provision - 76 Lab Benches + 58 Workstations. Ability to increase.

Environments that foster innovation. Discoveries that transform lives

StudioLabs are private lab and office suites design for discovery. The **fully furnished and lab-equipped suites** offer a curated, plug-and-play solution, saving users valuable time and resources.

With on-site lab management and client experience teams alongside private and shared equipment, you can **save on CapEx and allow your teams to focus on the science** and leave the property operations to us.

With **shorter and flexible lease terms** and a dedicated concierge team, we work collaboratively with companies to help the transition into new workspaces, lower launch friction and offer ongoing support as companies evolve and reach milestones.

This is **Where Sciences Happens on Day One.**

StudioLabs Features & Amenities

In-Suite Private Lab Equipment

- Biosafety Cabinets
- Fume Hoods
- CO2 Incubators
- Freezers + Fridges
- Large Benchtop Refrigerated Centrifuge
- Centralized DI Water

Shared Lab Equipment

- RT-PCR
- Autoclave
- Glasswasher
- Dry Ice Storage Container
- Cryogenic Chest

Additional On-Site Amenities

- Fully-Equipped Conference Rooms
- 24/7 Access Control
- Wellness Room
- Stocked Kitchen & Coffee Bar
- Fitness Center
- Managed Loading Dock
- On-Site Facilities Team
- Events & Programming
- Visitor Management
- EV Charging Stations
- Bike Storage
- Shipping/Receiving Services

THE BREAKTHROUGH PLATFORM

Breakthrough Properties is a life science real estate investment, development, and management firm that leverages cross-sector collaboration to deliver environments that foster innovation and scientific breakthroughs.

Our team is a first-of-its-kind collaboration in real estate development, which came together through a shared passion that combines Tishman Speyer’s global real estate platform with Bellco Capital’s industry-making life science entrepreneurship to capitalize on the rapidly expanding—yet substantially under-supplied—life science real estate industry.

TISHMAN SPEYER

Tishman Speyer has developed, acquired, repositioned and/ or operated approximately \$130 billion of property since 1978, including approximately 221 million square feet of premier office, residential, life science, industrial and retail space. With real estate expertise spanning four continents, Tishman Speyer has built an international reputation for both developing and operating prominent properties with worldclass tenant rosters in major markets worldwide. Tishman’s fully integrated platform includes in- house expertise for design and construction, development, capital raising and management of real estate with an established presence in 33 core regional markets globally.

BELCO CAPITAL

Bellco Capital is an investment firm founded by Drs. Rebecka and Arie Beldegrun that invests in and builds life science companies. Bellco’s competitive edge comes from its unique position and firsthand experience navigating the intersection of academia, life science companies, pharma, and the investment community. Bellco’s life science ecosystem, including its core strategies of company building (Two River) and venture investing (Vida Ventures) supports companies with bold ambitions of exponential transformation in life sciences.

Breakthrough has assembled a portfolio and pipeline totalling 6 million square feet across 8 leading biotech markets.

A Real Estate Partner for Leading Innovation Companies.

Developing and Operating Mission Critical Facilities & Innovation Campuses For Corporate Clients

- Breakthrough Properties and Tishman Speyer and work with leading innovation companies (e.g., Pfizer Meta, AstraZeneca, LinkedIn, BD, and CRISPR) to develop and operate campuses that foster collaboration through thought-provoking public space, curated tenant programming, and cutting edge design.
- Through early engagement with clients, Breakthrough is able to deliver a highly customized product for users.

Breakthrough's Scientific Advisory Board provides Collaborative Social Infrastructure and Mentorship to Breakthrough Clients

Arie Beldegrun, M.D.

Executive Chairman and Co-Founder of Allogene, Chairman of Bellco Capital, Two River Group, UroGen Pharma and Kronos Bio

Franz Humer, M.D.

Chairman of Humer Foundation, Former Chairman and CEO of Roche Holding

Owen N. Witte, M.D.

UCLA Professor of Microbiology, Immunology, and Molecular Genetics & President's Chair of Developmental Immunology

David Chang, M.D., PhD

Co-Founder and CEO of Allogene Therapeutics, Former Chief Medical Officer of Kite Pharma

Matt Cohen, M.D., MBA

Managing Director at Vida Ventures, Former Portfolio Manager for JP Morgan Asset Management

Brian Goodman, PhD

Managing Director at Vida Ventures, Former Partner at MPM BioImpact and Co-Founder Aktis Oncology, ReNAgade Therapeutics and Evelo Biosciences

Helen S. Kim

Managing Director at Vida Ventures, Former Partner at Column Group and Executive Vice President of Business Development at Kite Pharma

Eric Tokat

Co-President of Investment Banking at Centerview, Founder of Centerview's Healthcare Practice

Ben Beldegrun

Managing Director and Founder of Aliment Capital, Former Portfolio Manager for Brevan Howard Asset Management

Amy Schulman, J.D.

Managing Partner at Polaris Partners, Former President of Pfizer Consumer Healthcare

An anticipatory approach to service

Breakthrough Properties is a vertically integrated platform, providing our clients with the highest lab specification and services. We go beyond just physical infrastructure to support our clients functional needs including design, fit out, and scientific operations.

Project Management

Sustainability & Wellness

Lab planning and design

Supplier Management

Technology and IT Vendor support

Procurement & Account Set-Up

Event Planning (Virtual & Live)

Fostering connection across our ecosystem

Breakthrough is more than a portfolio of buildings - it is a community of innovators. And since breakthroughs happen when communities convene, we host content-driven events that foster dynamic conversations and connection among the diverse constituents within the life science ecosystems they foster.
