WOOD MOORE

Be part of Newark's most significant town centre re-development programme

The proposals will see the delivery of 29 high quality residential homes above 4 prime ground floor commercial units, all set within the former M&S building.

The development has been sympathetically designed with eye-catching vibrant characteristics, this together with the accommodation on offer all aims towards attracting more people to the town centre.

It also puts emphasis on bringing sustainable aspects into the design, utilising solar panels on the roof, modern insulation and a number of green planting areas expanding down St Marks Lane.

IN PARTNERSHIP WITH:
