The unit benefits from 6m clear internal height, rising to 7.6m at the apex. Internally the warehouse is lit and a small ground floor office of 800 sq ft has been formed in one corner. The landlord is undertaking a comprehensive refurbishment of the unit to include LED lighting throughout, the installation of new w/c facilities and the upgrading of the office area.

Externally the unit benefits from a generous parking allocation, a 6.5m deep covered loading bay with two level access doors and a 23.5m deep service apron (at the mid point). The Landlord is creating an additional secure compound of approximately 21,000 sq ft, with an additional level access door into the eastern elevation of the warehouse.
