Red Bank Riverside.

Developed by

The opportunity.

Coming to Manchester in spring / summer 2025, the first phase of Red Bank Riverside will be home to 634 homes, and circa 7,730 sq ft of brand new commercial space, in Manchester's emerging Red Bank neighbourhood.

At Found we like to go against the grain and step outside the norm, which is why we are looking to collaborate with brands and operators who share our vision to pioneer and make Red Bank the 'go-to' neighbourhood in Manchester. After all, why should Ancoats have all the fun?

For the earliest adopters and pioneers, there is also the opportunity to design and customise the space, maximising the potential for your brand and offering to really come to life in the way you want.

This is Red Bank.

10

year delivery
programme for the
neighbourhood

27

acres of transformation of
underused land including 12
acres of green spaces, natural
habitats and public realm

5,435

homes to be delivered
by the joint venture

8,000

people to create a community
by living in a mix of one, two and
three bedroom homes

100,000

sqft or more of community and
commercial spaces

Putting you on the map.

Take it to the floor(plans).

Because size matters

Unit 1 | 980 sq ft
 Unit 2 | 1,230 sq ft
 Unit 3 | 1,376 sq ft
 Unit 4 | 1,725 sq ft
 Unit 5 | 1,028 sq ft
 Unit 6 | 1,391 sq ft

We're on a bit of a mission.

While other operators focus on the residential or commercial market, Found will dominate the market by owning and leading the way across both. Allowing masterplanned neighbourhoods like Red Bank to become stand-out destinations where communities can thrive, visitors can fall in love with, and businesses can flourish.

This unique proposition gives operators and vendors of Victoria Riverside an incredible and unmatched opportunity to be part of something bigger than hospitality - this is a chance to be at the heart of a buzzing community, brought together under one brand - where experience is everything.

Exciting right?
