WREXHAM^{1M}

A £160M opportunity for advanced manufacturing

From a bold vision to a thriving centre of innovation, Wrexham has attracted global companies like JCB and Kellogg's, becoming a hub for growth and collaboration. This success is driven by a powerful partnership between public and private sectors, working together to support the growth of both SMEs and international businesses.

Investment zone:

We're proud to have played a key role in Wrexham's supply chain, manufacturing and transformation over the last 20 years.

Wrexham, a hub for innovation and growth.

Driving economic growth & jobs

Since 2006, FI Property Group has committed over £136m to Wrexham's industrial space, with plans to expand to over 3 million sq ft, creating an estimated £1.2 billion in value over the next 10 years. The Investment Zone will generate 6,000 new jobs and attract £1bn of investment, with infrastructure improvements benefiting all tenants and supporting local talent development.

Financial incentives to support growth

Tenants at Wrexham Industrial Estate will benefit from business rates relief and Full Stamp Duty Land Tax relief. For example, Wrexham 1M could save tenants over £20m over the next 10 years, accelerating business growth. With these incentives, Wrexham is poised to become a leading advanced manufacturing hub, drawing international investment and creating a globally significant cluster in North-East Wales.

A collaborative future

We're excited to continue working with local authorities and communities to ensure Wrexham's growth benefits all. These investments will drive the regional economy, creating opportunities for businesses and people alike.

Plan, design, build.

As a self-funded developer, FI Property Group can make decisions quickly and deliver projects with greater certainty, giving clients a dependable partner focused on long-term value.

We embrace transparent, ethical leadership and sustainable practice in every project.

We don't simply develop buildings, we deliver environments in which businesses can grow, evolve and succeed.

We work closely with occupiers, partners and stakeholders from the outset, listening and adapting to ensure that every space delivers performance and purpose.

From master-planning through to detailed construction and hand-over we deliver developments that stand the test of time.

Construction excellence.

Our in-house construction division is one of the cornerstones of FI Developments — a £20 million operation with over 285 pieces of plant, HGVs and fleet dedicated solely to our clients' projects.

Unmatched Scale & Capability

We boast a diverse fleet of 36 excavators (1–60 tonnes) alongside a full range of heavy plant and a dedicated transport network. We ensure all equipment is maintained to peak standards and ready for rapid deployment.

Specialist Expertise

We combine high-performance ground engineering, having stabilised over 100 acres of land with sustainable, in-house aggregate recycling.

By owning our entire fleet, we maintain total control, ensuring absolute accountability on every project.

Agile & Client-Focused

Unlike traditional contractors, we have no external dependencies. Our only priority is your project. Backed by the financial strength of the FI Group, we mobilise instantly and adapt to changing timelines with precision and speed.

Speed of Delivery

As a self-funded developer with our own in-house construction company, FI Property Group can deliver projects with greater speed, control and certainty, giving clients confidence in programmes, quality and on-time completion.
