Perks of the Park – Location

Location, location, location...

Everyone knows the saying, and there's a good reason for that. It's true. We have a dream location for anyone setting up a regional office – right in the middle of the North West, where the M62 crosses the M6. By occupying the overlap between Manchester and Liverpool, we're well connected to not one but two great cities. So you can recruit talent easily from near and far, and your staff can enjoy an easy commute.

“Perception is very important and we always receive compliments on the office and the Park itself”

“There are some things that other business locations just can’t hope to match. The EngineRooms at Birchwood Park is one of them”

A place to log on, meet up and eat in

We have some of the best meeting and events facilities in the North West, every square inch managed by our fabulous in-house bookings team. You’ll find loads of comfy space to spread out and stay productive at the EngineRooms. There’s unlimited free Wi-Fi, but absolutely no fees. So you can settle in, log on and get busy for the price of a freshly ground Starbucks coffee. You can take your pick from eight high-spec meeting rooms that are sure to impress. And if you need to get absolutely everyone together, our auditorium should do the trick, with its own cinema size screen and seating for 150.

Thinking beyond the desk

If colleagues are not nurtured – and given what they need to nurture themselves – then they won't be as fulfilled or as productive as they can be.

We know from our own research that exercise makes staff feel happier, healthier and more energised, so anyone can let off steam at our gym and fitness classes, or get out in the fresh air with our bootcamp and running club. Relaxation is just as important, which is why we've created lots of ways to unwind, like yoga classes, live music lunches and regular movie nights.

Defining the relationship between wellbeing and productivity

They keep an eye on things 24 hours a day, 7 days a week, with regular patrols and monitored CCTV. So everyone feels safe as houses morning, noon and night.
