DESCRIPTION

The subjects comprise various ground floor lock up workshop / studio units on the ground floor of a substantial 4 storey red brick building

Access to the units is largely from standard double doors set behind security shutters. Unit 20 has a wider roller door for access. The units have a height of c. 3m.

The units suit a variety of uses though motor trade would not be suitable and storage and distribution would be restricted to movement of smaller loads only.

LOCATION

The subjects are located on the west side of Swanston Street though access is from the southern end of Carstairs Street, and lie within the Dalmarnock area of Glasgow, lying some 2.5 miles east of the city centre.

The Dalmarnock area continues to benefit from the legacy of the 2014 Commonwealth Games, which has undergone a remarkable residential led transformation from a heavy industrial past to a modern vibrant community. The major regeneration projects have included the M74 extension providing excellent access to the motorway network, the Clyde Gateway Route which connects the M74 and M8 locally and the new Dalmarnock Train Station further enhancing the connectivity and status of the location. Junction 1A of the M74 is a short drive from the subjects and the new Dalmarnock Train Station is a short walk. Parking spaces are allocated on site and there is ample car parking locally. Surrounding occupiers include Absolute Self Storage, The Shedman, Precision Metals, Normac Spares and Morrisons Boxing Club.
