A BLUEPRINT FOR LOGISTICS

IN GOOD COMPANY

TESCO **ASDA** **amazon** **IRON MOUNTAIN**
Argos **LIDL** **EOL** **Cocado**

Centrally located within the M25 ring road, Blueprint Erith is the perfect logistics hub for urban distributors looking to enhance their operations.

Mapping out a market-leading standard for last-mile logistics, the four-unit scheme is in reach of more than half a million households, with direct access to Central London and the wider

motorway network, putting occupiers in a strategic position for distribution.

With a design centred on power, quality and sustainability, Blueprint Erith comprises a high-quality, modern working environment, delivered to net-zero carbon in construction, with a 'Very Good' target BREEAM rating.

BLUEPRINT ERITH

Featuring the enhanced Firethorn Trust specification, Blueprint Erith carries a market-leading design that stimulates productivity, promotes sustainability and boosts the bottom line.

In addition to a modern warehouse design, Grade-A mezzanine offices benefit from comfort cooling and LED lighting, while welfare facilities look to enhance employee satisfaction.

A BLUEPRINT FOR SUSTAINABILITY

Internationally recognised for delivering industry-leading 'eco-warehouse' schemes, and certified as a Carbon Neutral Company, Firethorn Trust is setting the framework for sustainable development.

With a commitment to create buildings that support business aspirations for excellent environmental performance, Firethorn endeavours to

implement sustainable solutions into the fabric of every design.

In addition to a net-zero carbon construction and a target 'Very Good' BREEAM rating, Blueprint Erith comprises energy-saving design features to add value and bottom-line savings, whilst minimising environmental impact – now and for the future.

UP TO 6,800 KWH PER ANNUM FROM SOLAR PVS

Provided as part of base specification and providing potential savings of up to £2,314 pa*, with roof capable of holding full covering of solar PVs and allowance provided for battery storage connection.

OPTIMISING NATURAL LIGHT

Triple-skinned factory assembled rooflights can save up to 13% a year on running costs by maximising natural sunlight.

ENERGISED FOR THE FUTURE

An online energy dashboard means you can proactively monitor and manage your consumption.

20% PARKING SPACES FITTED WITH EV CHARGE POINTS

With ducting provided for 100% EV parking spaces and future HGV charge points.

RECYCLED & RECYCLABLE

Building material choices look to reduce waste and contribute to a greener world.

REDUCING WATER USAGE

We use rainwater harvesting for in-toilet flushing and other non-potable applications.

CAIN

Cain invests in and develops modern, ESG-optimised logistics assets across Europe's most strategic corridors. Our projects are designed to support business growth, enable the efficient movement of essential goods, and respond to evolving supply chain needs.

By targeting undersupplied, high-demand locations and prioritising operational efficiency, sustainability, and occupier alignment, we deliver future-ready logistics spaces that create long-term value for our partners.

Firethorn

Firethorn deliver strategically located logistics spaces across the UK to enable businesses to connect quickly and easily with customers and end users.

As we invest, develop and deliver, we remain true to our core values of being progressive in our thinking, decisive in our actions and committed to high standards, leveraging our expertise to maximise potential.
