OPPORTUNITY FOR GROWTH

Already an established centre for logistics and distribution, Bedford's location at the heart of the Oxford-Cambridge Arc is supporting innovation and the growth of a more diverse economy.

With global brands such as Fujifilm, Unilever and 3M basing their businesses in the borough, the area is attractive for a range of sectors, including advanced manufacturing, engineering, green technology and food and drink production.

The approved Universal United Kingdom Resort is one of the most anticipated developments in the local area and will include a flagship theme park, a 500 bed hotel, an entertainment district and dedicated train station. The park will bring in an estimated £50bn to the UK economy, along with thousands of jobs for the local community.
