London Stansted Airport	70 miles	1 hr 17 mins

Situation & Demographics

WESTWORKS | CORBY | NN17 5UA

21% population growth between 2011 & 2021. Forecast to increase 4.2% by 2027

20% of the population are aged between 20 & 34

Corby's average hourly wage is £0.25 less than competing towns such as Northampton and Coventry

22% of the workforce are employed in logistics & manufacturing sectors

An average weekly wage 8% lower than the UK National Average

Westworks is situated immediately adjacent to the A427 and A43 link road. The A43, now a fully developed dual carriageway, connects to the A14, situated just 8 miles or 14-minute drive south.

The A14 has been significantly upgraded with a £1.5bn improvement scheme, which has brought economic growth to the region and eased traffic flow to reduce journey times between Westworks and national markets.

PRACTICAL COMPLETION
Jan '27

Unit	Eaves Height	Dock Level	Euro Dock	Level Access	HGV Parking	Car Parking	Yard Depth	Total (SQ FT GIA)
Unit 1	38m	130	22	8	250	850	50m (x2)	1,083,970
Unit 2	18m	17	4	4	35	183	50m	291,827
Unit 3	21m	54	16	8	104	309	50m (x2)	491,754
Sub Totals								1,867,551

Cubic Saving of High Bay

Using Unit 3, the diagram highlights key savings of high bay versus paying for just the GIA. The three examples have the same floor area, with the only variable being eaves height, ranging from 15m to 21m.

Increasing the eaves height boosts racking potential, functional cubic area, and sustainability by reducing the overall footprint. To match cubic volume, a 15m eaves unit would need an additional 328,699 sq ft compared to a unit with a 25m clear internal height.

The proposed development holds excellent sustainability credentials:
