## Summary

- 3 Storey Mid Terrace Property
- Size: 285.47 sq m (3,073 sq ft)
- Rent On Application
- Price On Application
- Subject to Contract

## Description

The subject property comprises a 3 storey, mid terrace building of brick construction under a flat felted roof covering dating back to the early 20<sup>th</sup> century. KFC currently occupy the ground floor of which their existing lease is due to expire in December 2025. The unit is in a prominent position facing directly onto Northumberland Street and benefits from rear delivery access and consistently high levels of footfall throughout the majority of the day.

The ground floor has been fitted to a high specification by the current tenant, however, the unit will likely be stripped to shell once the tenant has vacated. The upper floors provide office accommodation which present an operator/investor with the opportunity to redevelop or refurbish the space. The upper parts benefit from a separate access from Northumberland Street and provide copious amounts of natural light internally.

The opportunity would be suitable for a variety of occupier requirements and viewings are highly recommended. Newcastle City Council are also investing significantly into the core of Northumberland Street by improving the pedestrianised areas along with accommodating adequate seating provision. Works are ongoing and due to be completed early 2026. Please see link provided below providing further information regarding the improvements to Northumberland Street:
