This arterial route provides convenient access to the Port of Poole, Poole Town Centre (approximately 2 miles) and connects to the A35, with onward links to the M27 and destinations to the west.

DESCRIPTION

The property comprises a semi detached industrial unit of steel frame and brick cavity wall construction, with a two storey office section to the front of the premises, with a flat roof and a single storey warehouse to the rear, with a pitched roof incorporating roof lights.

The warehouse has an internal eaves height of approximately 3.56m and includes an open sided, part mezzanine floor. A roller shutter door provides loading access from the warehouse to a useful gated yard to the side of the building.

Extensive office accommodation is provided at both ground and first floor levels. The first floor offices are accessed from a dedicated staircase at the front of the building and benefit from an air conditioning system. The ground floor office accommodation is divided into a variety of spaces including smaller offices, a showroom, staff kitchen, WC facilities, storage, and a server room.
