

ATLAS HOUSE

MARLOW, SL71EY

FULLY DECARBONISED SUSTAINABLE WORKSPACE
7,724 SQ FT TO LET

TO LET 7,724 SQ FT

Atlas House is located in the heart of Globe Business Park in Marlow, on one of the Thames Valley's most accessible business locations. It is adjacent to the A404 providing direct access to both the M40 at Junction 4 and the M4 at Junction 8/9.

The building has undergone a comprehensive refurbishment to provide high quality sustainable workspace. In addition to the new office space, the building also offers substantial shared collaborative areas including business lounges on each floor and a recently refurbished reception.

Atlas House offers occupiers excellent sustainability credentials. The building is fully decarbonised, with all new mechanical and electrical systems, as well as on-site renewable energy from rooftop solar panels which will deliver an expected EPC A rating. The suite will be offered to a highly flexible base specification which will suit all occupier fit out styles. The owner is committed to be net zero carbon for operational and embodied emissions by 2040.

FIRST FLOOR

SUSTAINABILITY

WORKSPACE SHAPED BY A SUSTAINABLE FUTURE.

The owner is committed to enhancing the environmental performance of Atlas House to improve its operational efficiency and to ensure that it meets occupier requirements. The refurbishments have been designed and specified to achieve an EPC rating of A, the highest in Marlow.

The building is fully decarbonised and ready for a net-zero future, the workspace benefits from excellent natural light, complemented by a high-performing LED lighting to ensure low occupational running costs. The building is all electric and there is the ability for occupiers to install EV chargers.

Designed around a healthy lifestyle, taking advantage of Atlas House’s close proximity to Marlow Station, the building offers cycle storage, shower and changing facilities, there is a plethora of local amenity within an easy walking distance. The wider business park is developing a sustainable transport plan to improve access.
