Reading in FOCUS: Powered by Progress

Reading stands out as one of the UK's most dynamic urban economies, with an impressive employment rate of 86.1%—well above the South East average. With a population of 318,000, the town boasts a strong presence across key sectors, including construction (6.7%), manufacturing (5.8%), and transport & storage (4.2%).

Although unemployment is slightly above the regional average at 3.5%, Reading's economic outlook is robust. It is projected to be the UK's fastest-growing town between 2024 and 2027, powered by a thriving information and communication technology sector.

Adding to its strength, Reading ranks second only to London in export value per worker, exceeding £140,000—highlighting its concentration of high-tech and professional service industries.

86.1%

Employment Rate: As of December 2023, Reading's employment rate for individuals aged 16 to 64 was 86.1%, higher than the South East average of 79.3% *Source: ONS*

3.5%

Unemployment Rate: The unemployment rate in Reading was 3.5% for those aged 16 and over, slightly higher than the South East average of 2.9%
