FIRE STRATEGY

Desk quantities shown and the people noted for each office are the MAXIMUM occupancy of each space. These figures must not be exceeded for fire regulations, means of escape and services.

All offices where escape routes are through an office must maintain a clear route from the entrance to the escape point at all times. This route will be delineated by a contrasting carpet (where carpet is installed). No furniture can be placed in this space, even temporarily by a tenant (*Office LG.02 & Office 1.04*)
