

# Distribution Centre 4

Under construction - Available April 2022

## 28,500 SQ FT

Planning consent has been granted for Unit DC4 and construction has started with an estimated completion date in April 2022. The unit has been designed to a high specification, including 10% roof lights, fitted offices with raised floors and suspended ceilings. The unit will be sustainable with BREEAM 'Very Good' and also a target EPC rating of 'A'.
