Old and new combine under one roof at WeWork 1 Waterhouse Square, where contemporary design perfectly compliments historic surroundings

- Waterhouse Square is a magnificent 19th-century Grade II-listed building on Holborn, constructed by Alfred Waterhouse, architect of the Natural History Museum.
- With its red terracotta facade and bold gothic revival style, WeWork has lovingly reimagined eight floors of Waterhouse Square, retaining period features but focusing on smart, intentional and beautiful design.
- There are a number of food, drink and entertainment options, especially with Leather Lane market just round the corner.
- Transport links are myriad, with Chancery Lane, Farringdon and City Thameslink stations all within easy reach.
