IF you are looking for fully refurbished office space in a landmark building with great road network access, brilliant parking, and good public transport links then Grosvenor House could be for you!

- It is the most prominent office block in Redditch town centre visible from miles away as you approach Redditch from the M42.
- Access by road is easy with two fast routes to the motorways – either to junction 2 or 3 or the M42.
- We have excellent parking with almost 200 spaces in two car parks – out of town parking levels with all the benefits of a town centre building.
- It's a pleasant town centre location with access to all the shops and other facilities which is very handy for staff.
- The building was once the head office for Istel a pioneer of telecoms in the 1980s and then AT&T. We now have a range of successful occupiers including Cummins, Slimstock, Pearson and Cruise.

We look forward to showing you round!
