**Trade City
Luton**

AIPUT

Accommodation

The remaining units are located on the newly built Trade City Luton, centred in a thriving business area with many desirable local amenities just a short walk away. The units are built to high specification, utilising the latest environmentally friendly technologies to reduce the costs of occupation and contribute towards any corporate sustainability targets. The units benefit from excellent transport links, including public transport stops and mapped cycle routes within walking distance, enabling easy access to the M1, Luton Town Centre and Luton Airport.

Location

98 Kingsway, Luton LU1 1TT
what3words – ///rainy.intro.remote

Trade City Luton is located on Kingsway, which forms part of Dallow Road, the principal industrial area in Luton.

The estate is situated in the heart of the Luton Investment Framework area; a major £1.5bn transformation scheme aiming to improve local infrastructure and connectivity, as well as the development of new housing and employment opportunities across the town. The benefits of this initiative will be enjoyed as early as 2023, when a new high-speed rail link is due to open and enable 30-minute travel from Luton into London St Pancras.

The scheme benefits from a highly prominent and visible position alongside Hatters Way (A5065), one of the main routes into the centre of Luton that has close to 25,000 cars travel along each day, with the spine of the Luton-Dunstable Busway running parallel and accessible via two stops within a 0.6-mile radius of Trade City.

Junction 11 of the M1 is approximately 1.5 miles away – providing access to both the North and to Central London. The M25 is 15 miles away, offering connectivity across the South of England.

Destination	Distance (miles)	Journey time (minutes)
M1 (J11)	1.5	5
Luton Town Centre	1.5	5
Luton Airport	4.2	15
M25 (J21)	15	22
Milton Keynes	21	30
Heathrow Airport	36	45
Central London	36	80
