PORT OF GRIMSBY

Grimsby is a major UK car import gateway and serves the fast-growing offshore wind energy industry. Grimsby River Terminal allows the port to accommodate larger, deeper draughted vessels carrying up to 3,000 vehicles, securing Grimsby's reputation as one of the UK's leading car handling ports. Grimsby's status as an operations and maintenance (O&M) base for the burgeoning offshore energy industry continues to build and the Port is home to O&M bases for Ørsted, Triton Knoll and RWE. The Port has significant development opportunities available for the design and construction of bespoke business space.

See more information on the Port of Grimsby at:
abports.co.uk/locations/grimsby

DESCRIPTION

The site comprises up to 3.76 acres of open storage land which benefits from the following specification:

24 HOUR SECURITY
MIXED SURFACE
PERIMETER FENCING

SERVICES

Interested parties are advised to make their own specific enquiries to ABP.

PORT CAPABILITIES

Max Vessel: Length 145 metres
Beam 20.6 metres
Draft 6.2 metres

LOCATION

Located on Humber Bridge Road at The Port of Grimsby, on the south bank of the Humber Estuary just seven miles from the open sea.

The M180/A180 runs to the dock entrance, providing fast links to the M18 and M1 to service the whole of the British Isles. There are also direct quayside rail connections which link the port to the national railway network.
