Strong labour pool for logistics and warehousing roles.

From its prime M1 location, the site is ideally placed to serve London's consumer base while maintaining strong reach into the Midlands.

WHY CHOOSE LUTON FOR YOUR LOGISTICS OPERATIONS?

STEP FORWARD LUTON

STRATEGIC LOCATION

Luton sits at the heart of the UK's logistics network. Positioned just off the M1 motorway, it offers direct north-south connectivity and fast access to the M25, linking you to London, the Midlands, and major distribution routes nationwide.

PROXIMITY TO LONDON

Only 30 miles from Central London, Luton is perfect for last-mile delivery into one of Europe's largest consumer markets. This means faster delivery times, reduced transport costs, and improved customer satisfaction.

AIR FREIGHT ADVANTAGE

With London Luton Airport on your doorstep, you gain immediate access to air cargo services for fast international shipping—ideal for time-sensitive supply chains and global e-commerce operations.

SKILLED WORKFORCE

Luton offers a large, experienced labour pool in logistics, warehousing, and transport. Competitive employment costs compared to London make staffing efficient and cost-effective.

MODERN FACILITIES

- The area boasts high-spec industrial units with:
- High eaves for racking and storage
 - Large yards for HGV access
 - Advanced sustainability features for ESG compliance

COST EFFICIENCY

Compared to Greater London, Luton provides lower property costs while maintaining excellent connectivity—helping you optimise overheads without compromising service levels.

LUTON DEMOGRAPHICS

Luton is a proven logistics location with access to a young, diverse and growing labour pool within a highly active distribution corridor. The workforce is well established in warehousing and logistics, supported by competitive pay levels and flexible shift patterns.

While demand remains strong, above-average unemployment and a mature recruitment market continue to provide occupiers with dependable access to labour, reinforcing Luton's appeal for logistics operations.

Ready to optimise your logistics operations? Discover why Luton is the smart choice for your business.

SUSTAINABILITY AT ITS HEART

BREEAM IN USE

The Landlord will be happy to work with occupiers to obtain BREEAM in Use certification, and have a full consultant team who have worked on the scheme from inception.

ENERGY PERFORMANCE (EPC)

The units have an EPC "A" Rating.

ENERGY EFFICIENT HEATING & COOLING

Variable Refrigerant Flow (VRF) heating / cooling system with internal ceiling concealed fan coil units fed from external air source heat pump to the offices, and efficient local electric heaters to ancillary areas.

ELECTRIC VEHICLE (EV) CHARGING

The units provide EV charging spaces, as well as providing ducting to enable further spaces to be constructed in the future.

ENERGY EFFICIENT LIGHTING

Energy efficient LED lighting is provided to the offices, operated by PIR sensors and daylight dimming sensors.

SOCIAL WELLBEING

Hillwood Park Luton combines outdoor wellbeing areas with open plan internal areas with natural daylight to offer staff a pleasant and natural environment. Nearby pedestrian routes offer access to public transport and the unit is within walking distance to the town centre.

NATURAL DAY-LIGHT

10% of the roof panels across the warehouse are translucent, providing plenty of natural day-light.

CAR SHARING

The Landlord can mark spaces in accordance with an occupiers bespoke car sharing scheme.

PHOTO-VOLTAIC (PV) PANELS

A provision of PV panels has been provided under the base build, whilst the roof is structurally designed to support panels across the entirety so the occupier can add more as they wish.

CYCLE PARKING

Covered cycles spaces and shower facilities have been provided.
