

Proposed Third Floor Indicative Option 1
1:50 @ A1

- Notes
1. Do not scale off drawings. Use figured dimensions only.
 2. Contractor must assure himself of the full intent and purpose of the drawings and specifications.
 3. Contractor to check all drawn dimensions before starting work or fabrication. Do not diverge from drawings or specifications without notifying the Architect / Interior Designer and receiving express approval for alterations.
 4. This drawing is to be read in conjunction with all related drawings by the Architect, Interior Designer, Structural Engineer and M&E Engineer and any other relevant information.
 5. All site sizes to be confirmed by contractor prior to manufacture.
 6. Contractor to supply shop drawings prior to manufacture.
 7. Contractor to supply certification as necessary to the satisfaction of the respective statutory authorities.
 8. Contractor to ensure that all contract works are fit for purpose and in full accordance with respective codes of practice, national building standards and building industry regulations.
 9. Architect / Interior Designer to be notified in writing of any discrepancies and contractor to obtain instructions before proceeding.
 10. Copyright of design and drawing reserved.
