Panattoni Park Swindon:

S915 - 916,982 sq ft

Panattoni Swindon 915 located at Panattoni Park Swindon is a flagship industrial and logistics facility, setting new standards in scale and sustainability. With over 916,982 sq ft of premium cross-docked space, the unit is designed to meet the demands of modern logistics. Built to Net Zero Carbon standards and targeting BREEAM Outstanding, it delivers outstanding ESG performance. Ideally located to serve London and Southern England, this is a rare opportunity in a market with limited availability at this scale.

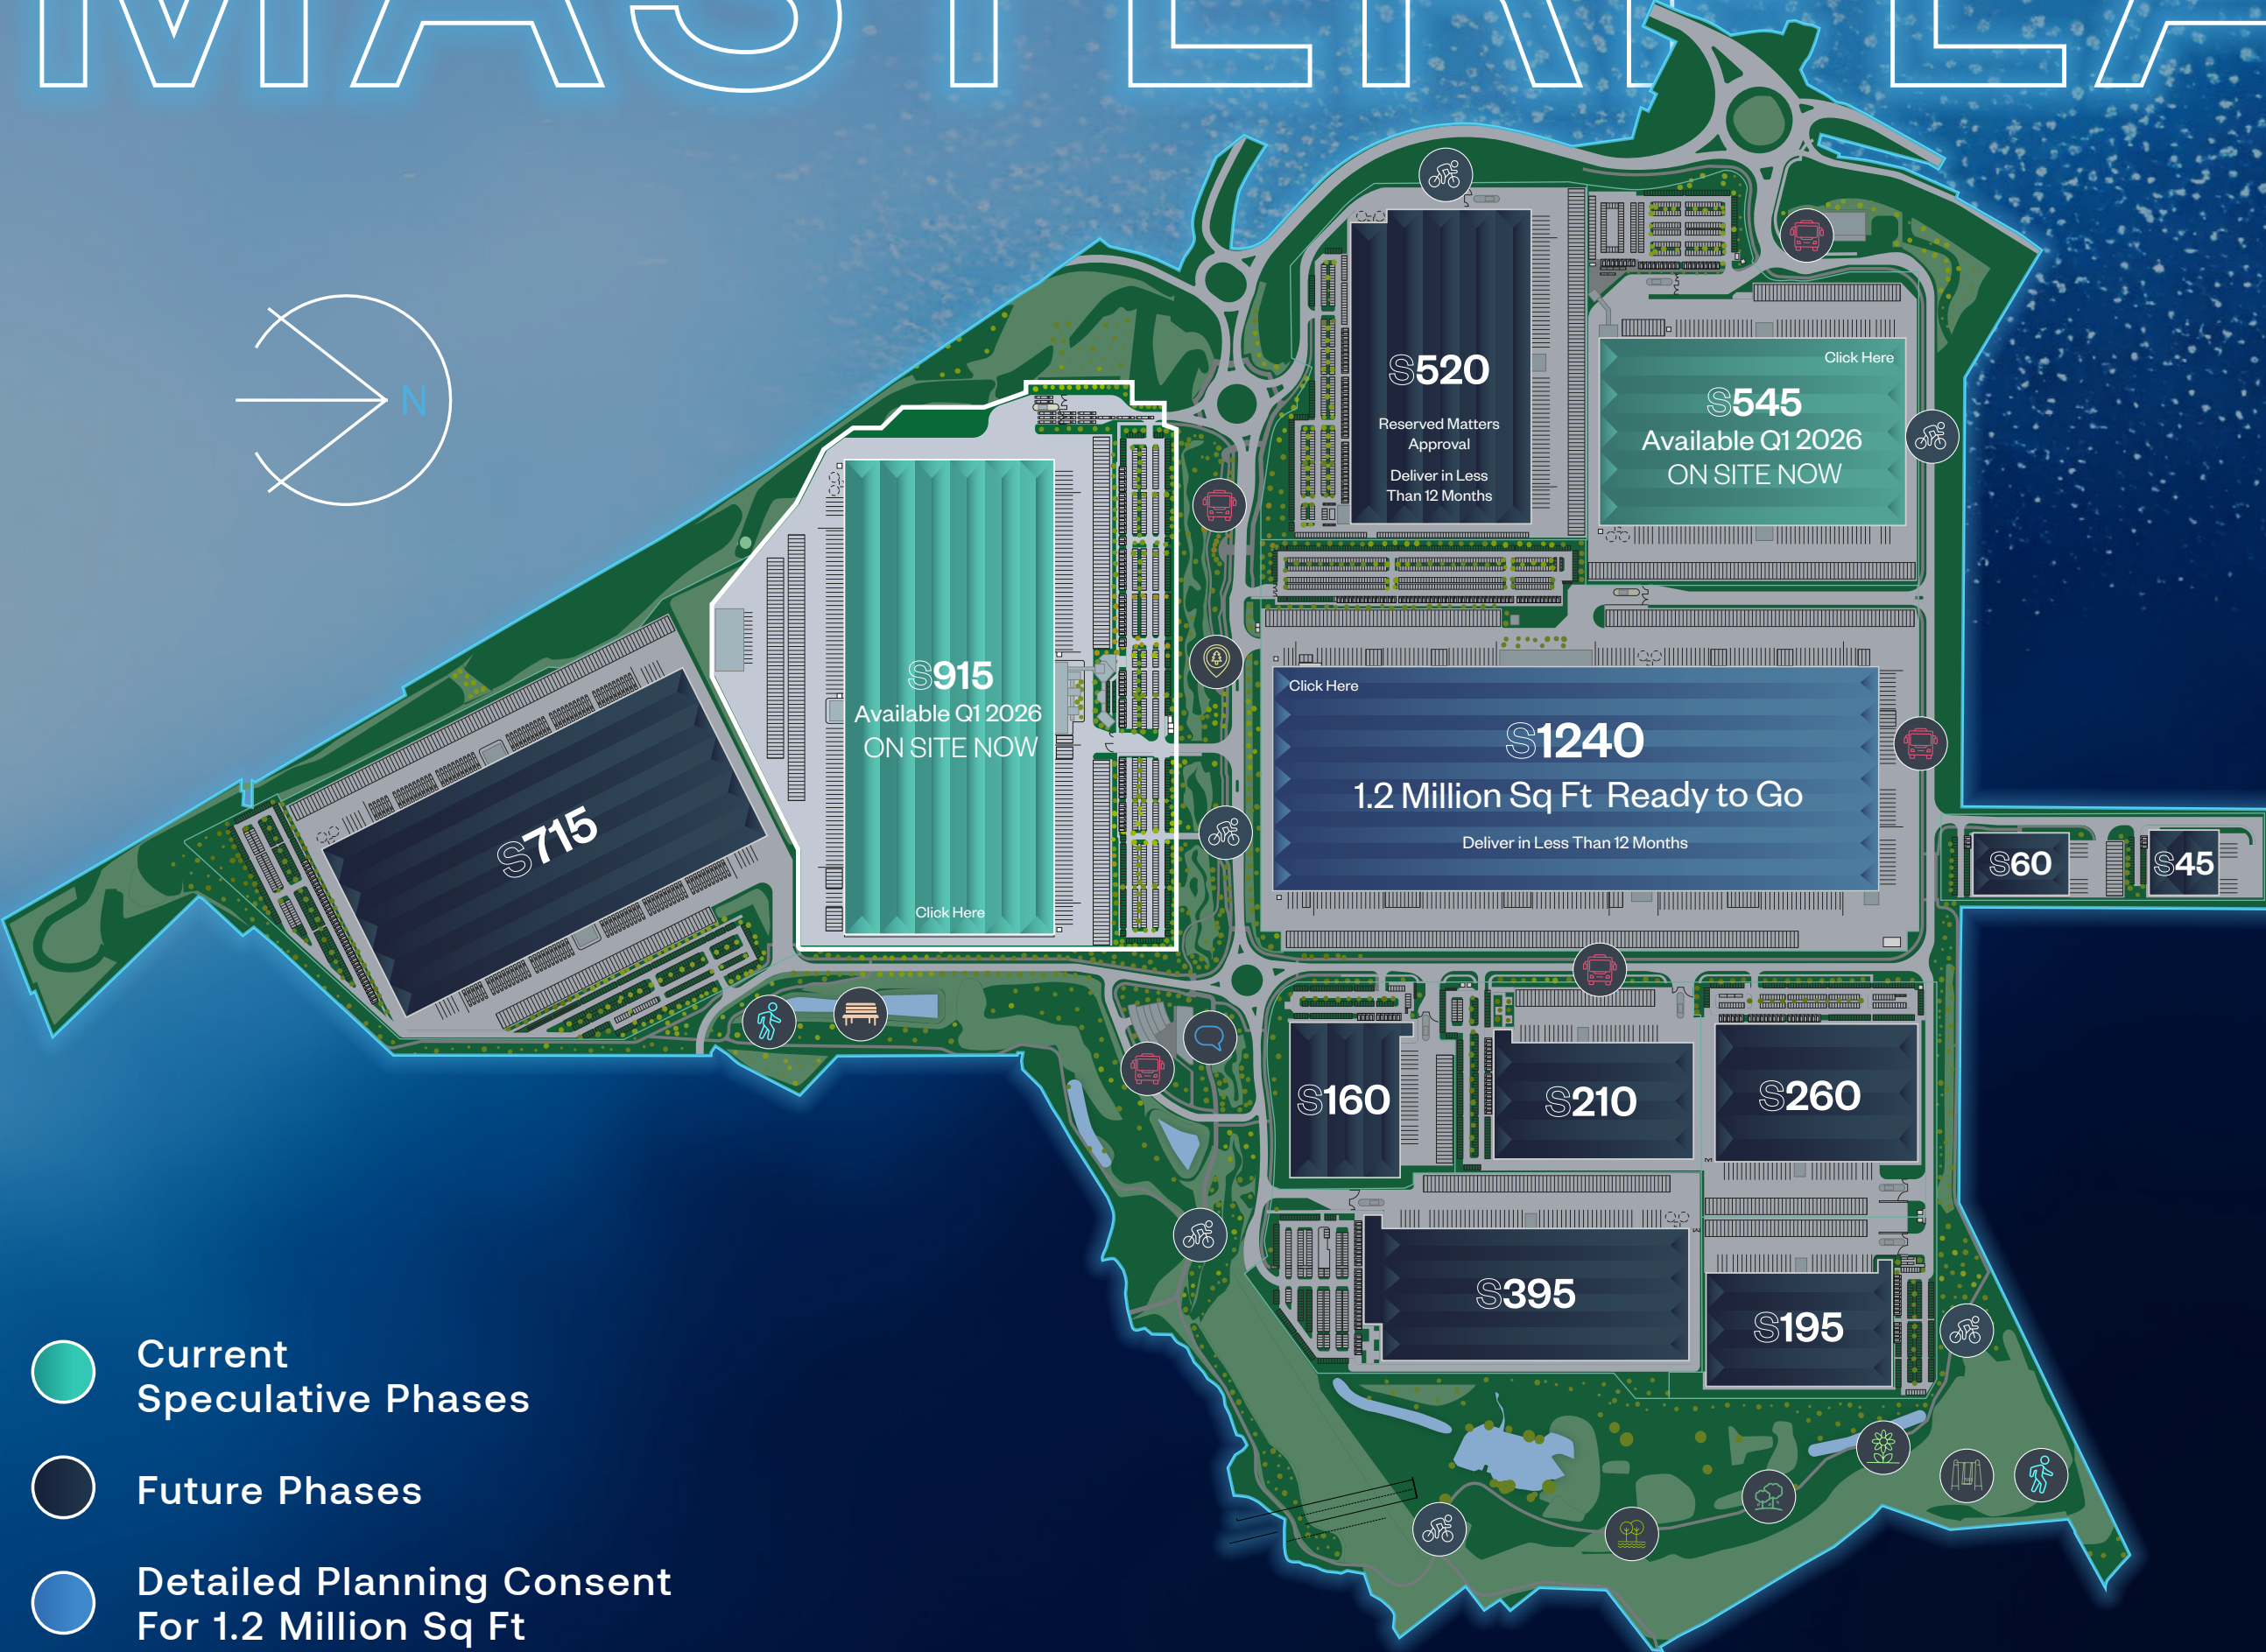

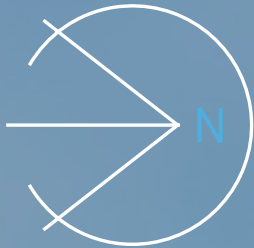

Construction is underway with practical completion set for Q1 2026.
