**LOCATION**

The subjects are located on the south side of Union Street, Aberdeen's main retail thoroughfare. Aberdeen is one of the fastest-growing cities in Scotland in recent years, driven by young professionals, international talent, and family in-migration. To this day it is still the undisputed energy capital of Europe – home to hundreds of oil & gas headquarters and a world-leading subsea engineering cluster. The city has seen a successful pivot into the energy transition: Aberdeen is now the UK's largest hub for offshore wind (projects such as Seagreen, Nearth na Gaoithe and the huge ScotWind leasing round), green hydrogen, carbon capture (Acorn CCS project), and floating wind innovation.

Investment into the city includes the Aberdeen Harbour South expansion (one of Europe's largest harbour projects) along with New Aberdeen Exhibition & Conference Centre with a wider £1 bn+ city-centre masterplan (new offices, homes, retail, public spaces). The city has Booming tech and digital cluster – OGTC (Net Zero Technology Centre), ONE CodeBase hub, and hundreds of energy-tech start-ups. This property benefits from good footfall driven by prominent nearby occupiers, and is located directly in between Greggs and The Trinity Shopping Centre. Surrounding occupiers include a range of notable occupiers including Greggs, Primark, Chaophraya, HMV and Jamieson & Carry.

**PROPERTY**

The premises comprise ground floor, lower ground floor, and basement accommodation within a granite-built building. The ground floor benefits from a prominent frontage onto Union Street and features an attractively presented, open-plan retail area with a staff room and kitchen facilities located to the rear. An internal staircase connects the ground floor to the lower ground floor, which is currently configured as additional retail space and includes toilet facilities and a storage area. Further storage is provided in a dedicated stockroom in the basement, accessed via a separate internal staircase.
