Summary

Available Size	36,201 sq ft
Business Rates	To be reassessed on occupation.
VAT	Applicable
Estate Charge	N/A
EPC Rating	Upon enquiry

Description

The property comprises a large warehouse and ancillary buildings arranged over a site extending to 3.96 acres. Access is provided via a double set of secure gates with secure entry system, which leads to an expansive yard, weighbridge and two storey office building. The offices have been fully fitted to provide a range of individual offices, including kitchen facilities on each floor, with a large open plan office and board room situated on the first floor.

The warehouse provides an internal wallhead height of 8.4m (7.4m to haunch), and 9.7m to the apex, with profile metal roof incorporating roof lights providing good natural daylight, supplemented by LED lighting. The unit benefits from 3 automatic roller shutter doors.

Externally, the property benefits from two large dedicated external yards with external canopy for additional storage. A workshop is annexed to the main warehouse building providing useful storage and washroom facilities. Staff accommodation is provided above.

An existing settling pond remains in place which would benefit continued use as a waste transfer station, however can be removed if required. The unit provides 3 phase power and the substation located on site benefits from an existing supply of 500KVA which can be increased to 1.5MVA if required.
