The southern end of the site is gently sloping.

Location

The property is situated at the end of Morse Road on the established West Ham Industrial Estate approximately 1.5 miles west of the town centre. The site backs onto the A340 Ringway West and therefore occupies a very visible, easily accessed location.

Basingstoke is approximately 45 miles to the southwest of London adjacent to junctions 6 & 7 of the M3 motorway. There is also a frequent rail service to London Waterloo with a fastest journey time timetabled at 45 minutes. The town is a major centre for commerce and industry, with many national companies located here and benefits from a diverse range of leisure, recreational and shopping facilities with a Borough population of approximately 185,000.
