DESCRIPTION

Liberty House weaves together its creative heritage and iconic location on Regent Street to lead a new lease of life as a vibrant place to work and collaborate. We embraced the original character and charm of the space by restoring the parquet floor, the decorative cornicing and previously concealed skylights. Partnering with architects SODA, we took inspiration from the patterns, colours and fabrics that characterise Liberty's history to create texture and colourful accents throughout the building. With a balance of spacious private offices and break-out spaces, Liberty House also has a dedicated meeting room wing, The Liberty Rooms, which will house inspiring pre-bookable spaces where you and your team can connect.
