Description

Unit 17 comprises a modern, mid terrace light industrial/warehouse facility. The unit is of steel portal frame construction, with part brick and microrib clad elevations.

Vehicle access to the warehouse is via a sectional roller shutter loading door (W2.7m x H3.6m). Internally the facility has a minimum clear eaves height of 6m for the warehouse and 3m under the mezzanine.

There is a separate glazed pedestrian entrance door, with stairs rising to an open plan mezzanine with guardrail, offering the potential to fit out as office accommodation. At ground floor there is a single WC and tea point. A 3-phase power supply, warehouse lighting and a capped mains gas supply are connected.
