Description

Church Farm is a small grassland holding comprising 9.22 hectares (22.78 acres) of land and woodland. The land is classified as a mixture of Grade 3b and 4. In recent years the land has been used for livestock grazing and cropping.

The land is split into two blocks separated by Llangunnor Lane and divided into a number of field enclosures. The fields have an excellent internal access network, with good access to the public highway. The boundaries have been maintained to a very good standard and there is water to most of the parcels. The farmhouse and buildings are centred close to the Church, with a neighbouring village hall and separate bungalow (which does not form part of this letting).

Location

The property is located in Llangunnor, a small but historic village on the outskirts of Carmarthen. The holding is located on a hilltop with vistas down the Tywi Valley.

Llangunnor is a community with a number of amenities. The county town of Carmarthen is only 2 miles to the west.
