

1 Myrtle Grove, Thornaby, Stockton-on-Tees, TS17 8AE

Residential For Sale | £85,000 | 891.57 sq ft

Three-bed End-of-Terrace House

Description

The property is arranged over two floors, and provides an entrance hall, living room, kitchen, two separate WC facilities and three large bedrooms, together with a bathroom suite and additional loft space. Externally the property benefits from front, side and rear gardens providing a useful outdoor space.

The property has been stripped back and is now offered requiring refurbishment throughout. The accommodation provides an excellent opportunity for a purchaser to undertake a comprehensive refurbishment, creating a well-proportioned three-bedroom family home. The property would be suited to owner-occupiers, investors or developers seeking a refurbishment opportunity within an established residential location.

Location

Located in a well established residential area of Thornaby, North Yorkshire. The property occupies a residential position on Myrtle Grove, surrounded predominately by established housing and local amenities. Thornaby benefits from a range of amenities, including shops, schools and local services with further retail and commercial facilities available within the wider surrounding area.

Benefiting from good access to the local road network, providing connections to Thornaby, Stockton-on-Tees and the surrounding Teesside area. The wider road network provides convenient access towards Middlesbrough and the A19, connecting the area with the wider North East region.

1 Myrtle Grove is therefore well located for residential occupation, with a combination of established surroundings, local amenities and connectivity to the wider Teesside area.

Asking Price

We are inviting offers within the region of £85,000

Anti Money Laundering

In accordance with Anti Money Laundering regulations, two forms of identification and confirmation of the source of funding will be required from the successful tenant.

Material Information

The information provided is for guidance only and does not form part of any offer or contract. Interested parties should verify all details, measurements, tenure, consents, fixtures, fittings and services through their solicitor.

Summary

- Price: £85,000
- EPC: D (58)

Energy performance certificate (EPC)

1 Myrtle Grove
Thornaby
STOCKTON-ON-TEES
TS17 8AE

Energy rating

D

Valid until:

14 September 2035

Certificate number:

8135-5621-9500-0685-4292

Property type

End-terrace house

Total floor area

81 square metres

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property's energy rating is D. It has the potential to be C.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D
the average energy score is 60

Score	Energy rating	Current	Potential
92+	A		
81-91	B		
69-80	C		76 C
55-68	D	58 D	
39-54	E		
21-38	F		
1-20	G		

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Solid brick, as built, no insulation (assumed)	Very poor
Roof	Pitched, 200 mm loft insulation	Good
Window	Fully double glazed	Poor
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, room thermostat and TRVs	Good
Hot water	From main system	Good
Lighting	Good lighting efficiency	Good
Floor	Solid, no insulation (assumed)	N/A
Air tightness	(not tested)	N/A
Secondary heating	Room heaters, electric	N/A

Primary energy use

The primary energy use for this property per year is 241 kilowatt hours per square metre (kWh/m²).

Smart meters

This property had **no smart meters** when it was assessed.

Smart meters help you understand your energy use and how you could save money. They may help you access better energy deals.

[Find out how to get a smart meter \(https://www.smartenergygb.org/\)](https://www.smartenergygb.org/)

How this affects your energy bills

An average household would need to spend **£1,658 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £556 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2025** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 12,257 kWh per year for heating
 - 2,173 kWh per year for hot water
-

Impact on the environment

This property's environmental impact rating is D. It has the potential to be C.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO₂) they produce each year.

Carbon emissions

An average household produces 6 tonnes of CO₂

This property produces 3.3 tonnes of CO₂

This property's potential production 1.9 tonnes of CO₂

You could improve this property's CO₂ emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Steps you could take to save energy

Step	Typical installation cost	Typical yearly saving
1. Internal wall insulation	£7,500 - £11,000	£473
2. Floor insulation (solid floor)	£5,000 - £10,000	£84
3. Solar photovoltaic panels	£8,000 - £10,000	£236
