SUPERB OFFICE ACCOMMODATION CAMS HALL, FAREHAM

Cams Hall, a 17th Century and grade 2 listed building, is one of the most striking buildings on the Hampshire Coast. Situated on the 220 acre Cams Estate, an established and successful business park, it is surrounded by spacious grounds and wonderful views over the surrounding parkland, with a golf course leading down to the Solent. The estate offers excellent communications links to the M27 via junction 11 together with the A3(M) and A27 and is just 1 mile from Fareham Town Centre.

In order to further improve the services, Parallel Business Centres have partnered with Centrix and installed a 1GB fibre connection bringing ultra-high speed internet and low-cost SIP communications to Cams Hall.

The simple and easy Cams Hall licence agreement includes everything you'd expect from high quality serviced offices, as well as unlimited tea and coffee, professionally answered company telephone numbers, plentiful staff and visitor car parking, meeting rooms and access to our other prestigious business centres.

There are a full range of offices available; for further information, or to arrange a viewing, please call Andrew Hodgkinson on 01489 579579 / 07702 801595 or email ahodgkinson@lsh.co.uk, who will be happy to assist.
