The Hub, IQ Business Park

The Hub, IQ Business Park, Farnborough, Hampshire, GU14 7JF

Location

This centre is in The Hub, an award-winning listed 1930s art deco building that was originally used as an airport departure lounge and control tower. This historic structure is at the heart of Farnborough Business Park on the site of the former Royal Aircraft Establishment (RAE) factory. Following a recent refurbishment it has an ultra-modern interior with a conferencing floor that can seat up to 80 people.

This is a planned development area set for continued growth in the years ahead. It is next to Farnborough Airport where a number of the UK's largest business jet companies are based, serving the London region. Farnborough offers a superb environment for businesses looking for great communication links to London, Europe and the rest of the world and their employees. A number of major international well-known companies in sectors including telecommunications, publishing, IT and financial services as well as aviation are based in the area.
