INSTRUCTIONS

- High strength concentrated formula quickly and easily removes wax, dirt, oil and grease
 - Safe for use on most surfaces
1. Use diluted for general cleaning or, use undiluted for really stubborn stains or for removing wax and mould release agents.
 2. Rinse surface with water to remove loose dirt.
 3. Dilution ratio:
Light - Medium cleaning: Add 4 - 8 caps of soap to 4 litres of water.
Heavy cleaning: Use undiluted.
Wash surface, starting at the highest point first, until all dirt is removed.
 4. Rinse surface clean with water. When removing wax agents, continue cleaning until rinse water completely drains off the surface.
 5. For best results, dry the surface with a clean cloth or rubber scraper.
