*Keep it simple for me
Can't you see that it's already
Good enough, good enough, good enough for me
Keep it simple can't you see
That you've been always more than
Good enough, good enough, good enough for me*

Oh I'd love to see the day
When you feel that you no longer
Have to struggle
Like you struggle all the time
Oh I wish there was a way
You could see yourself through my eyes
Through your baby's eyes
And know you're more than fine

*Keep it simple for me
Can't you see that it's already
Good enough, good enough, good enough for me
Keep it simple can't you see
That you've been always more than
Good enough, good enough, good enough for me*

*Keep it simple for me
Can't you see that it's already
Good enough, good enough, good enough for me
Keep it simple can't you see
That you've been always more than
Good enough, good enough, good enough for me*
