

## One Last Try by Alun Parry

G                    C D G  
The carpet is fading fast  
                         C D G  
Seems like you waited past  
                         C D G  
the sell by date of us  
                         C D Em  
Now it's too late for trust  
                         D  
Go if you must

The pictures upon the wall  
They seem to say it all  
Seeing the smiles we shared  
Back in the times we cared  
We were so unprepared

G    Am   C        G  
Woah-oh just one last try, give it  
C        D  
One last try  
      Am        C  
For me and you  
Woah-oh just one last try, give it  
One last try  
For me and you

The curtains are torn and thin  
Who could have warned us then  
When love was new and bright  
That all we'd do is fight  
Ah get out of my sight

Woah-oh just one last try, give it  
One last try

For me and you  
Woah-oh just one last try, give it  
One last try  
For me and you

Now that you've finally gone  
Seems like our time has come  
Leaving me all alone  
Time now to call your phone  
Honey come home!!!

Woah-oh just one last try, give it  
One last try  
For me and you  
Woah-oh just one last try, give it  
One last try  
For me and you

Woah-oh just one last try, give it  
One last try  
For me and you  
Woah-oh just one last try, give it  
One last try  
For me and you
