## *The Kit Kemp Collection Mythical Land Panel Wallpaper*

- Mythical land panels are supplied on 1 x roll of approximately 6m in length and 140cm wide. The roll contains 1 x Panel A and 1 x Panel B, with a little extra area of unprinted paper in between them, which is where they need to be cut. Panels are pre-trimmed on the edges so there is no need to cut and splice, making them very easy to hang.
- A ready mixed 'paste the wall' paste is recommended.
- The main scene of the design is at the bottom, so if hung higher up the wall, it is best to sacrifice some of the tree tops.
- Choose a good complementary paint colour for surrounding areas.
